

TAKE ADVANTAGE OF **MADE SMARTER** FUNDING AND SUPPORT

MADE SMARTER

Up to 50% grant support towards your Industry 4.0 projects for North West based manufacturers. Backed by some of the world's biggest businesses, Made Smarter is designed to support manufacturers with facilities or operations in Cheshire, Cumbria, Lancashire, Greater Manchester and Liverpool City Region. Effective use of digital technology can provide a significant boost to your efficiency and bottom line. Now you can get access to the advice, insight, and funding you need to make it work for your business. These technologies are already transforming manufacturing processes and production, driving increases in efficiency and profitability. They can revolutionise your business and your industry. The programme is dedicated to giving North West manufacturers access to advice, insight and grant funding to implement new digital technologies to boost competitiveness and growth.

Made Smarter can help you overcome your manufacturing challenges by connecting you directly to suppliers that, like InVMA, can support manufacturers to adopt Industry 4.0 technologies. You might be eligible to receive funding to execute your project.

InVMA is on the Made Smarter Technology supplier directory and is currently working with one of the Made Smarter successful businesses to help support technology implementation. Projects include i.a. Asset Performance Dashboards, Augmented Reality, Predictive Maintenance and Process Automation.

THE PROCESS

THE ELIGIBILITY CRITERIA

The Made Smarter pilot programme can support North West Small and Medium-sized Enterprises (SME) across Cheshire & Warrington, Cumbria, Greater Manchester, Lancashire, and Liverpool City Region. To be classified as an SME, eligible businesses must have less than 250 employees and a turnover of less than £44m or a balance sheet total of less than £38.5m.
